

**Fixing
Problems with
FB Locations on
Harrier Central**

Fixing Problems with FB Run Locations

- Intersection of 1st and 69th
- Forest at the end of Main Street
- Hare's house

If there wasn't a street address posted on Facebook, there's a chance that HC will not be able to resolve the address. This can result in crazy maps. Hope is not lost!

Fixing Problems with FB Run Locations

Go to

portal.harriercentral.com

on a computer or tablet to
unlock extra HC features.

The first time you need to follow the
instructions to scan the QR code and then
click on your Kennel.
