# What is Harrier Central?

Harrier Central is a FREE app made by Hashers for Hashers that helps Hashers to:

- Find Hashes worldwide
- Track run counts
- RSVP for trails
- See which trails friends are attending
- Find maps to run starts

# Following a Kennel

When you Follow a Kennel, you are sure to see their next runs without having to search for them on your Runs List regardless of your location. You can Follow as many or as few Kennels as you want.

- Click on the House icon on the bottom of the screen to go to the Kennels screen
- Use the search bar at the top of the Kennels screen to find the desired Kennel, searching by name, abbreviation, country, city, state or region
- Click on the box to the left of the Kennel's name

# Following a Kennel

A pop-up box will appear after clicking on the box to the left of the Kennel name:

- Choose if you always want to see the runs or just want to see runs within your default distance
- You can also set that Kennel as your Home Kennel (keep in mind that you can only have one Home Kennel)

# RSVPing for a Trail

There are two ways to RSVP for a trail:

- Click on the box next to the name of the trail you wish to RSVP for
- Click on your desired choice on the pop-up of Run Options

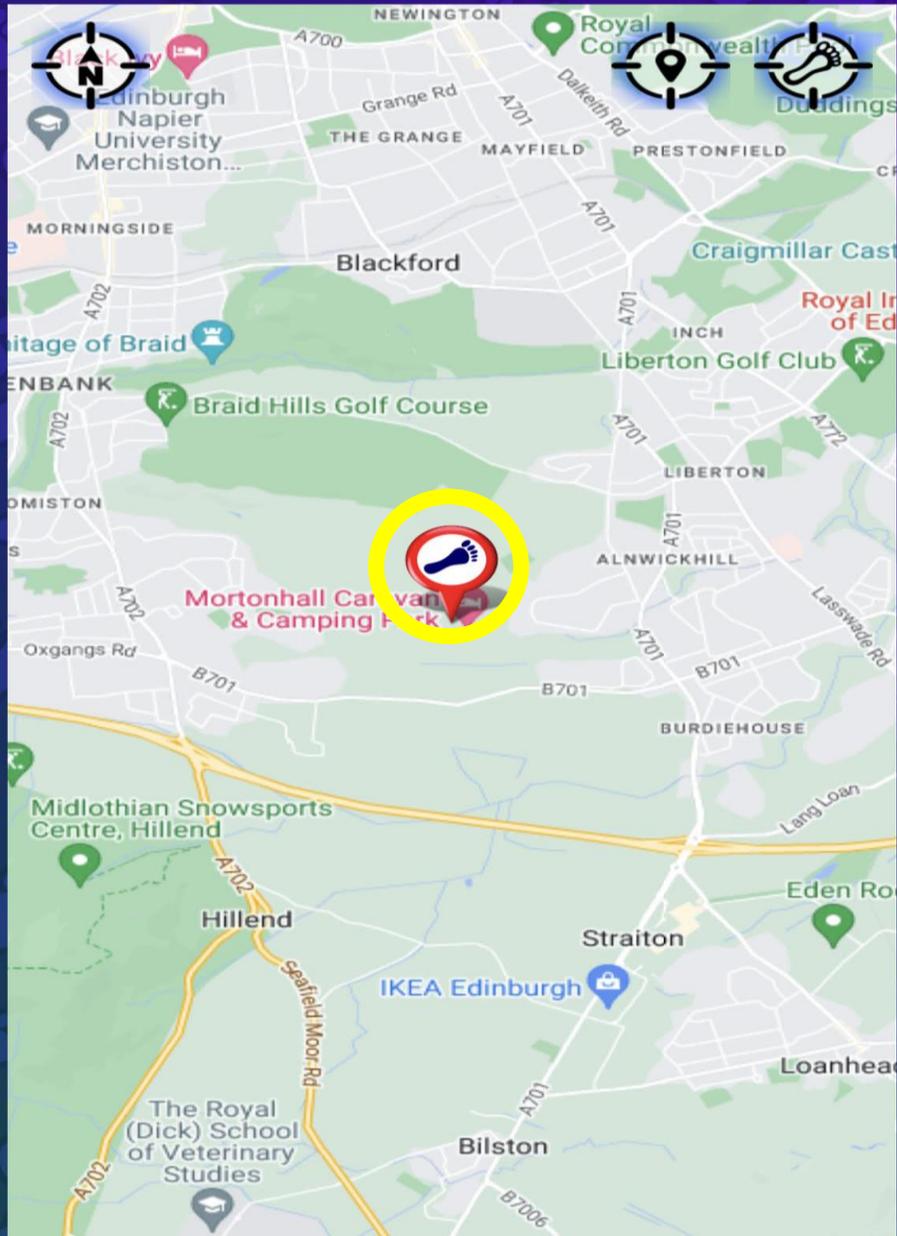

*RSVPing helps make sure there is enough beer for everyone*

# RSVPing for a Trail

The second way to RSVP for a trail:

- Click on the trail you wish to RSVP for from either the Upcoming Runs or Kennels screen
- Click on your response and check out who else is coming
- Feel free to click on Details at the top to learn more about the trail

# Finding a Run Start

- Click on a trail from Upcoming Runs or Kennels screen
- Click on Map at the top
- Click on the foot to choose which mapping app you'd prefer to use (you can click a box to always use that option)

# Checking Into a Trail

Once you are within one hour and one mile or 1.6 kilometers of a run start posted on Harrier Central, you can open the app and a dialog box will pop up asking you if you would like to Check-in. (Sorry, but if your app was already open, you'll need to close and reopen HC for this feature to work.) This way you can track your Run Counts even if your Kennel is not using all of the HC Admin Tools.

# Inaccurate Run Counts?

Please keep in mind that if you don't check yourself into trails and neither does your Mismatch, your Run Counts will be inaccurate. They will also be wrong if your Historic Run Counts (runs you did before starting to use Harrier Central) aren't updated by Mismatch. Please work with them to sort out how many runs you ran before you started checking yourself in with Harrier Central before reaching out to us for help.
